USB Cables

AutomationDirect's high quality USB cables are used to connect USB devices to a USB port on a PC. Each cable has Standard-A plug to Standard-B plug end connectors, both gold plated, and meet the USB 2.0 requirements. These cables can be used for programming Productivity Series CPUs, *C-more* panels, certain *C-more* Micro panels and PC to touchscreen connections for Atlas Industrial Monitors that include touchscreen capability.

Standard A to standard B

Standard A to micro B

Standard A to Standard C
